ORDER NOW—Show Phlox in Bloom Next Summer

QUALITY OF OUR PLANTS—All plants offered in this list are strong, one-year-old, grown from cuttings, with a splendid bunch of strong, new, healthy roots, by far the best to plant under all conditions and far superior to what is often quoted as two-year-old or clumps. Old clumps make wiry roots, very hard to get a good start and for that reason are the most susceptible to rust and mildew and other diseases.

TERMS OF SALE—Net 30 days, 2% in ten days, 5% for cash with order. 5 plants sell at 10 rate; 25 plants at 100 rate; 250 plants at 1000 rate, of one kind. 100 or more of a kind and 5 or more varieties at 1000 rate.

Now is the Time to Propagate Phlox—Use One-Year Phlox Only

When sending your order mention if needed for propagation—this is important for you
